

Twinkle Wish Adventure

Twinkle star, oh so bright,
The very first star I see tonight;
Shining high up in the sky,
Like a diamond way up high.

I close my eyes and make a wish,
With all my heart, I wish and swish.
Maybe I'll wish to fly or swim,
Or wish for adventures filled to the brim.

I wish I may, I wish I might,
Have this special wish tonight.
In a world where dreams come alive,
With my star wish, I will thrive!

The star winks back, a twinkling light,
Whispering, "Your dreams are bright!"
In the land of dreams so right,
My star wish glows throughout the night.
